## CULTURE AND DIVERSITY

City Year's culture is based on the foundation of teamwork and diversity. We embrace diversity of every kind and see differences as strengths that help us meet our goals to get students to graduation. The communities we work in are incredibly diverse and the unique perspectives of our diverse teams of City Year AmeriCorps members enables us to provide the greatest impact for the students we serve. Having a team with different interests, work styles, backgrounds, and experiences helps us ensure there is someone that can connect with and get through to every single student.

The City Year uniform is a symbol of our full-time commitment to service. By wearing the uniform, we identify ourselves as practicing idealists who are ready to lead. The uniform provides the children, youth and members of the community we work with a signal of reliability, idealism and inspiration. Professional appearance guidelines are intended to create minimal distractions for the children and youth we serve, to support AmeriCorps member safety and to foster professionalism of the AmeriCorps members. City Year guidelines are not meant to constrain AmeriCorps members' individuality, but rather to present a unified and easily recognizable symbol of our commitment. City Year AmeriCorps members do not wear non-uniform scarves, bandanas, or buttons that would detract from the professional look of the uniform.

As role models to children, City Year AmeriCorps members must conduct themselves as professionals and representatives of City Year. These standards include the following while in City Year uniform:

- Punctuality
- Respect and courtesy
- No use of headphones
- No smoking, alcohol or drugs
- No swearing, gum chewing or jaywalking

To help prepare for your interview, [please watch this video](#) that takes you through the daily role of a City Year AmeriCorps member.

The bi-weekly stipend amount at City Year ranges from \$630 (pre-tax)- \$930 (pre-tax) to account for the cost of living in each location where our AmeriCorps members serve. [All location amounts can be viewed here.](#)
- **Segal Education Award:** Upon successful completion of City Year, you will receive a post-service Segal Education Award of \$3,047.50 (The amount could fluctuate if an AmeriCorps member has already earned some portion of a Segal Education Award).
- **Loan Forbearance:** You may request forbearance during your service year on qualifying student loans (generally, federally backed loans). If granted—and if you complete the full term of service—you can also ask that interest accrued during the year be paid by CNCS (Corporation for National and Community Service).
- **Health Insurance:** City Year requires all AmeriCorps members to have medical coverage while actively serving in the program. Unless you have current coverage that you would like to retain, City Year will enroll you in a basic medical plan. The plan is medical coverage only and does not include dental or optical.
- **Relocation Allowance:** All City Year AmeriCorps members who are relocating 50 miles or more for service can receive a \$500 one-time relocation payment. The \$500 payment (pre-tax) will be processed upon your arrival at your site and will be paid out via direct deposit 2–4 weeks after it is processed.
- **Childcare Allowance:** If you qualify, a childcare allowance is available during the program year to those with dependents. This benefit is administered by GAP Solutions Inc. and more information can be found at their website at [www.AmeriCorpschildcare.com](http://www.AmeriCorpschildcare.com).
- **Uniform:** City Year AmeriCorps Members are required to wear a uniform on a daily basis. Many uniform parts are provided free of charge by our national partners, but several pieces (such as pants for example) need to be provided by City Year AmeriCorps Members.
- **Development Opportunities:** City Year is committed to the growth and development of its City Year AmeriCorps Members. Examples include: give a year Partnerships, LACY days (Leadership After City Year), service trainings and leadership development.

## HOUSING

City Year does not directly provide housing for AmeriCorps members. This can be a challenge for some AmeriCorps members moving to a new area and City Year will offer many supports to help through this process:

- A Facebook group to connect with other incoming members
- Housing manuals
- Neighborhood recommendations
- City-specific local partnerships with housing groups
- Our City Year alumni network

Ultimately, you will be responsible for selecting and securing your own housing. Most AmeriCorps members will not be able to secure housing more than a month before their service begins. This is to be expected and is something all incoming AmeriCorps members should anticipate if planning to relocate for service.

## NOTIFICATION

You will be notified regarding your mid-year application to City Year as soon as possible once Admissions comes to a final decision. Typically, once your application is submitted and your admissions process begins,

your decision will be communicated to you within 2-4 weeks.

## DECISION OUTCOMES

If you are offered a position, you must log in to your City Year application portal and either accept or decline your offer to serve.
