Dear City Year Champion,

As we enter the new year, I am filled with love and joy about the work that City Year Milwaukee is doing in our community. Enclosed you will find our impact results from the 2021-2022 service year. I have been humbled by the commitment of our AmeriCorps members who served full-time last year in 13 Milwaukee Public Schools, reaching more than 8,000 students.

Each day AmeriCorps members served as tutors, mentors and role models, preparing students with the skills and mindsets to succeed in school and in life. As a Milwaukee native and proud Milwaukee Public Schools' graduate, I am committed to advancing educational equity. Please reach out to me at smaney-hartlaub@cityyear.org if you have any questions about the report.

As we have now started the second semester, I know that now more than ever before, the supports we provide to scholars are needed to make a difference in the lives of our students. The practices that City Year AmeriCorps members implement are research based and truly effective. It is important to note that during the 2021-22 school year, our corps members spent significantly more time providing whole class support to meet the needs of our scholars and teachers as we worked to emerge stronger from the Covid-19 pandemic. I am proud that our program continues to positively impact our scholars, teachers, schools, AmeriCorps members, and community.

Thank you for your continued support.

Yours in Service,

DR. STEPHANIE MANEY-HARTLAUB

346 students received English Language Arts tier two interventions

218 students received math interventions

103,000+ hours of student academic intervention, AmeriCorps member professional development, and student social emotional learning

92% of administrative partners agreed or strongly agreed that AmeriCorps members had a positive impact on students' instructional engagement in classrooms they worked in.

92% of partner teachers agreed that AmeriCorps members had a positive impact on students' instructional engagement in classrooms they worked in.

The social and emotional support that City Year has provided to students (and teachers) has been invaluable this year!! It cannot be understated how valuable the relationships are between students and the members in my grade-level. I appreciate the ways that City Year has been creative in taking initiative to support school-wide issues.

LEADERS FOR LIFE: ALUMNI TESTIMONIAL

“City Year gives you the seeds, you are the water and sunlight that will produce beautiful flowers! Will you be around to see those flowers bloom? Maybe not, but service is about doing what you can right now for those who are within your reach right now. Service is about providing opportunities to dreams that seem out of reach. Service is you!”

— ANTONIA REDIC, CITY YEAR MILWAUKEE '12 & '13

City Year helps students and schools succeed while preparing the next generation of civically engaged leaders who can work across lines of difference. Diverse teams of City Year AmeriCorps members provide support to students, classrooms and the whole school. Schools that partner with City Year are up to two to three times more likely to improve in English and math assessments. The more time students spend with AmeriCorps members, the more they improve on social, emotional and academic skills—skills that help students thrive in school and contribute to their community.

A proud member of the AmeriCorps national service network, City Year is supported by AmeriCorps, local school districts and private philanthropy. City Year partners with public schools in 29 communities across the U.S. and through international affiliates in the U.K. and South Africa.
