Dear City Year Champion,

As we kick off the new school year, I am filled with love and joy about the work that City Year Milwaukee is doing in our community. Enclosed you will find our impact results from the 2022-2023 service year. I have been humbled by the commitment of our AmeriCorps members who served full-time last year in Milwaukee Public Schools, reaching more than 5,300 Milwaukee students.

City Year is contributing to a clearer and bolder vision of what schools can and should be for all scholars: places of exploration and risk-taking, where every student feels emboldened to grow; where data informs evidence-based practices to promote student achievement; and where all students have access to nurturing relationships that encourage them to thrive through challenges.

Each day AmeriCorps members served as tutors, mentors and role models, preparing students with the skills and mindsets to succeed in school and in life. As a Milwaukee native and proud Milwaukee Public Schools' graduate, I am committed to advancing educational equity. Please reach out to me at [smaney-hartlaub@cityyear.org](mailto:smaney-hartlaub@cityyear.org) if you have any questions about the report.

The practices that City Year AmeriCorps members implement are research-based and truly effective. I am incredible proud of the positive feedback that we have received from our partner teachers and our school leaders. These results show that our program continues to positively impact our scholars, teachers, schools, AmeriCorps members, and the broader community.

Thank you for your continued support.

Yours in Service,

**DR. STEPHANIE MANEY-HARTLAUB**

Executive Director

**MILWAUKEE  
PUBLIC SCHOOLS**

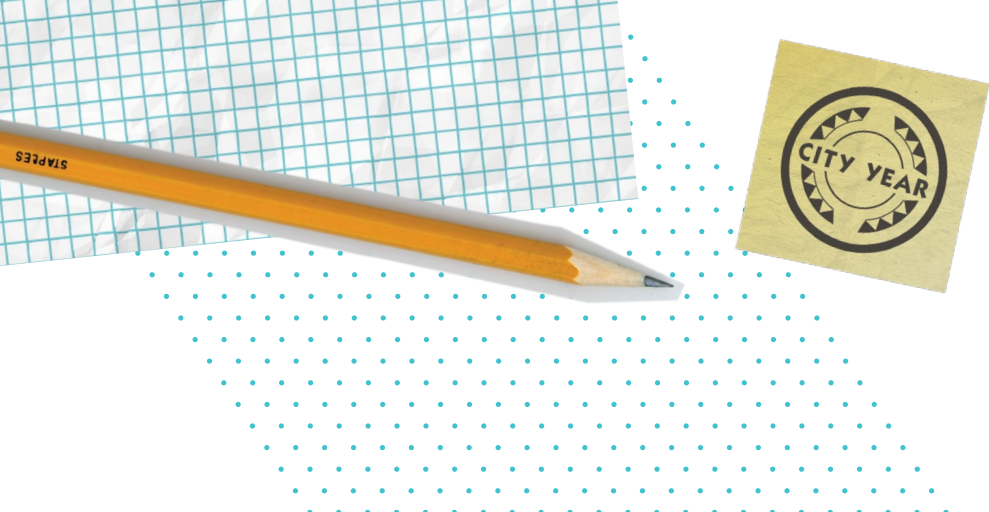

## AMERICORPS MEMBER EXPERIENCE

**88%** of our AmeriCorps members said that they believe they have a positive impact on the learning and development of students

**83%** of our AmeriCorps members said that they gained a broader understanding of themselves through their experience at City Year

**82%** of our AmeriCorps members viewed their service year as a strong career development experience for themselves

## cityyear.org/milwaukee

City Year helps students and schools succeed while preparing the next generation of civically engaged leaders who can work across lines of difference. Diverse teams of City Year AmeriCorps members provide support to students, classrooms and the whole school. Schools that partner with City Year are up to two to three times more likely to improve in English and math assessments. The more time students spend with AmeriCorps members, the more they improve on social, emotional and academic skills—skills that help students thrive in school and contribute to their community.

A proud member of the AmeriCorps national service network, City Year is supported by AmeriCorps, local school districts and private philanthropy. City Year partners with public schools in 29 communities across the U.S. and through international affiliates in the U.K. and South Africa.
