Dear City Year Champion,

It is with great pleasure and excitement that we welcome our new and returning AmeriCorps members to City Year Milwaukee for our 15th anniversary year! As we gear up for another impactful year in Milwaukee Public Schools, we are thrilled to welcome a dedicated group of individuals who are eager to make a difference in the lives of our students and the broader community.

Our 15th Anniversary Corps embodies the spirit of service and commitment to educational equity that defines City Year. They come from diverse backgrounds and bring a wide range of skills and experiences that will enrich our programs and support our students in reaching their fullest potential. Each day AmeriCorps members serve as tutors, mentors and role models, preparing students with the skills and mindsets to succeed in school and in life.

Enclosed you will find our impact results from the 2023-2024 service year. I have been humbled by the commitment of our AmeriCorps members who served full-time last year in Milwaukee Public Schools, reaching more than 5,400 Milwaukee students. Since our inception in 2010, we are proud to have impacted over 90,000 Milwaukee scholars across our partner schools. This milestone represents the cumulative enrollment of all the schools we've served, a testament to the dedication of our AmeriCorps members, staff, and supporters like you.

The practices that City Year AmeriCorps members implement are research-based and truly effective. I am incredibly proud of the positive feedback that we have received from our partner teachers and our school leaders. These results show that our program continues to positively impact our scholars, teachers, schools, AmeriCorps members, and the broader community.

As we enter our 15th service year, I am reminded of Isaac Newton's words: "If I have seen further than others, it is by standing on the shoulders of giants." Looking back, we have learned valuable lessons about resilience, adaptability, and the power of collective action. Looking forward, we remain steadfast in our commitment to advancing educational equity in Milwaukee, knowing that the work we do today will create ripples of change that will reach far beyond the classroom.

Thank you for your continued support.

- CITY YEAR MILWAUKEE 2023-2024 PARTNER PRINCIPAL

cityyear.org/milwaukee

City Year helps students and schools succeed while preparing the next generation of civically engaged leaders who can work across lines of difference. Diverse teams of City Year AmeriCorps members provide support to students, classrooms and the whole school. Schools that partner with City Year are up to two to three times more likely to improve in English and math assessments. The more time students spend with AmeriCorps members, the more they improve on social, emotional and academic skills—skills that help students thrive in school and contribute to their community.

A proud member of the AmeriCorps national service network, City Year is supported by AmeriCorps, local school districts and private philanthropy. City Year partners with public schools in 29 communities across the U.S. and through international affiliates in the U.K. and South Africa.
