

City Year's Spring Into Service

Each year, City Year Greater Boston hosts a Spring Into Service Event to bring together community members to complete projects to support our students and teachers in finishing the

Our Service: Educational Opportunity for All Students

City Year's dual mission is to advance academic outcomes for all students and develop the next generation of leaders through national service. We strive to create conditions that enable all young people to meet their full potential and contribute to vibrant communities and outcomes that benefit all of us.

Each day, our 110 City Year AmeriCorps members serve full-time in 15 Boston and Medford public schools, supporting over 8,500+ students – 89% of whom are youth of color – with individualized tutoring, mentorship, and encouragement to stay on track through high school, college, and career.

Our **Spring Into Service** event shines a spotlight on the impact of our AmeriCorps members while equipping students and teachers with the resources they need to finish the year with confidence. Volunteers will assemble resource kits and materials that directly support classrooms, while also engaging in opportunities to connect with colleagues and deepen their understanding of City Year's mission. Last year, together we created more than 1,000 supply kits, and in 2026, we're aiming even higher.

Invest with Impact: Spring Into Service Event

City Year's **Spring Into Service** event combines hands-on impact in local schools with meaningful opportunities for employees to give back together. It's a unique sponsorship experience for Greater Boston companies and individuals who want to make a difference

Community Impact: Provide direct support to more than 2,000 Boston-area students and teachers by creating classroom and teacher resource kits.

Brand Visibility: Highlight your company's leadership and values among an energized community of 300+ participants.

Networking & Employee Engagement: Strengthen employee morale while connecting with peers from 20+ Boston companies and community organizations.
