Highlights from the team serving at Jones High School

JOYS

- Our teammate, Jenifer Marseille got accepted to the Business Analytics graduate program at the University of Central Florida
- “Start with Hello” week was a great success - many teachers and staff wore green ribbons to commemorate the lives lost to gun violence
- The Jones team really enjoyed the first social justice forum hosted by Shamiya Anderson, Behavior Coordinator at City Year Orlando

STARFISH STORY – A STORY OF STUDENT IMPACT

BY JED TEJAN

The new normal has certainly been a challenge for students, still searching for their place on campus and in the classroom. There is one student, however, who has found his place at Jones High School. This student is a ball of energy and a complete joy in the classroom but sometimes gets distracted. After a couple coaching conversations and encouragements, he was

jumpstarted back into catching up on classwork. Since then, he enters class in a way only he can and begins on the day’s agenda. Joy, like from this student, is the why behind what we do at City Year.

AMERICORPS MEMBER SPOTLIGHT

Bianka Pierre is a proud member of the Jones High School team and supports students in an Algebra I classroom. She is from Orlando, FL and attended Florida State University where she studied Family and Child Sciences. Bianka serves with City Year to impact the lives of young people, just as her high school guidance counselor did for her. She strongly believes all communities need fierce advocates to actualize the dreams and aspirations of young

people. After City Year, Bianka will continue pursuing her certification as a licensed physician.
