

MOVES FOR EDUCATIONAL EQUITY

VIRTUAL 5K

03.26.21 - 04.03.21

Walk, run, ride and roll your way to 5km with while supporting student success in the Sunshine State!

Join City Year Orlando and Jacksonville the week of March 26th as we race across the Sunshine State to support student success!

This year's event will be virtual to ensure everyone's safety, but will gather 600 participants across the state of Florida and beyond! That means you and your employees or friends can complete your Virtual 5k however and wherever you would like. Our hope is that this will be an annual event that gathers friends, Alumni and corporate partners across the country to support our work in the Sunshine State.
