## JOIN US

City Year Greater Boston invites you to our annual Starry Night Gala, a joyful evening that brings together more than 400 champions to celebrate and support our work.

Come for a dynamic night of fun and inspiration with AmeriCorps members, students, and community members and enjoy lively conversation and networking, interactive games, service activities to support our partner schools, and more!

## ABOUT US

City Year Greater Boston partners with teachers and schools to help students thrive and achieve their goals.

Each school year, we deploy 100+ AmeriCorps Members into Greater Boston's under-resourced public schools to help students engage, learn, and develop into who they want to be.

In the 2023-24 school year:

- **2/3** of students working with our AmeriCorps members in English/Language Arts and Math improved their academic performance.
- **95%** of school administrators or principals agreed that City Year had a positive impact on their school's climate and culture.

"I think that all school systems throughout the country would benefit greatly with City Year members assisting in their classrooms."

- Boston Public Schools Administrator

"I feel that I say every year, 'I couldn't have made it through the year without my City Year member.' However, this year it is 100% true. He became an invaluable support for a few students struggling greatly with self-control. His support of those students has helped not only those two students to refocus and rethink their behavior, but has allowed other students in the class to learn."

- City Year Partner Teacher in Boston Public Schools
