

Young Friends of City Year Philadelphia

Join our young professional community of civic minded individuals!

What is City Year?

City Year helps students and schools succeed. In 17 schools across Philadelphia, diverse teams of City Year AmeriCorps members provide support to students, classrooms and the whole school, helping to ensure that students in systemically under-resourced schools receive a high-quality education that prepares them with the skills and mindsets to thrive and contribute to their community.

Our Young Professional Community

The Young Friends of City Year Philadelphia is a volunteer group of socially conscious and motivated young professionals who are committed to City Year's mission. Members will have the ability to connect with peers and engage in meaningful service opportunities while making a positive impact on our community and the students of Philadelphia. Exclusive engagement opportunities include access to special events, networking opportunities with fellow City Year champions, and school-based volunteer projects.

City Year Philadelphia's Associate Board

We also have a young professional board. The Associate Board advances the City Year mission by building social and professional network engagement and creating a pipeline of lifelong champions for City Year.
