

CITY YEAR ORLANDO

SCHOOLHOUSE NEWS, ISSUE 1

THANK YOU FOR YOUR SUPPORT

Highlights from the Universal Orlando Foundation Team serving at Eccleston Elementary School

JOYS

- Our team is excited to serve the students and teachers at Eccleston Elementary and this school year is already off to a great start!
- We love how we are already connected to all the students in the school and not just those in our classroom
- The Ecclestons' team is a fun group of people, one of the biggest joys is our great team dynamic and making sure everyone feels included in all we do!

STARFISH STORY – A STORY OF STUDENT IMPACT

BY CECE DAVIS

My starfish student, Sara*, was having a hard time with her classwork and did not want to participate in class. Everyday, I worked with Sara as much as I could and tried to encourage her. I made sure I complimented her whenever she would try to complete the classwork even if it she didn't get the right answer. After a couple days, I started to notice a change in Sara's behavior and overall attitude during class. She is making an effort each day to try finishing her classwork on her own. * = Student Pseudonym

AMERICORPS MEMBER SPOTLIGHT

Keyanni McGill is a proud AmeriCorps member serving on the Universal Orlando Foundation Team at Eccleston Elementary. She is from the small town of Manville, NJ and join City Year because she is passionate about educational development for all children. Keyanni serves because she enjoys being in the classroom and working with students helping them reach their full potential. After City Year, Keyanni plans to become an elementary school teacher with hopes to one day work for the Department of Education on curriculum development.
