STARFISH STORY – A STORY OF STUDENT IMPACT

BY MACHAEL RICHARDSON

*Junior is an eight-grade student at Meadowbrook Middle School. At the beginning of the year, he was quiet, reserved and his grades were not the best. During class, he would only talk to one person. After a few months of talking to him and getting to know him more, he started to speak out more with

peers and answer questions during class discussion. Around the second quarter, his grades started to slip. Instead of letting his grades continue to slip, he attended tutoring after school with the City Year team and came consistently. After a few weeks, his grades improved, and he continued to open up to his peers more. Right now, he has his heart set on achieving AB Honor Roll for the second semester and I can't wait to see him achieve his goal! * = Student Pseudonym

AMERICORPS MEMBER SPOTLIGHT

Nicole May proudly serves on the Meadowbrook Middle School team. She grew up overseas and has created the most memories in Tashkent, Uzbekistan. She attended New College of Florida in Sarasota, where she majored in Psychology. She serves because she enjoys helping her students get to where they want to be in life! Nicole is taking a gap year before attending grad school in hopes to explore the option of working in a school environment.
