## STARFISH STORY - A STORY OF STUDENT IMPACT

BY KADE FERNANDEZ

\*Nate and I first connected while I was monitoring the class to see if anybody needed help. He was on the school wrestling team, and we quickly connected over our love for combat sports. He would ask me all the time on advice on how he could become better. Nate brought the same energy he has for sports into his performance in classroom. He was

confident in his own abilities but always open to learning and growing. One day before Nate's writing FSA, he looked at me and said, "thanks Mr. Kade, I love having someone like you in my corner." I am proud of the relationship we've built and am honored to play a part in his success this year.

## AMERICORPS MEMBER SPOTLIGHT

Macayla Mitchell was born and raised in Los Angeles, California. Macayla left L.A. to further her career in Education and continue her studies at the University of Central Florida. She joined City Year not knowing what the year ahead would hold but it has turned out to be the best opportunity for her to learn and grow. During her year of service, Macayla realized the impact she has on students and how important it was that she believed in her students more than they believed in themselves. Macayla worked hard

to build her student's confidence in their academics and who they are as a person. Macayla plans to return for another year of service as a Team Leader with City Year Orlando.
