STARFISH STORY - A STORY OF STUDENT IMPACT

BY ROSE SALAZAR-CONDE

*Bria is a caring, supportive, smart, and organized young woman. She is always on time and she is not easily distracted. She helps others get their work done and she always checks in with me as well. She wants to help me out and it has been so refreshing and amazing to work with her. Although she did not need academic support, we have built a great relationship during this school year. I am able to encourage her each day and truly be a champion for all she achieves. I am blessed to know her and look forward to hearing about the amazing things she will accomplish. *=Student Pseudonym

AMERICORPS MEMBER SPOTLIGHT

Rose Salazar is a first year Student Success Coach with aspirations to continue to support the non-profit community after City Year. She attended a Title I Orange County Public School and became the first in her family to graduate. She joined City Year to have an opportunity to work closely with students and make an impact in the work. Throughout the first semester, she has shown incredible initiative, partnering with SGA, music programs, and the campus social worker and SAFE coordinator to lead the Holiday Blues event, focusing on mental health for teens. She has also supported numerous other whole school initiatives, including Pride Day and First Circle Tutoring. It has been incredible to watch Rose thrive in the schoolhouse environment and to see her kids come up to her in the team room asking for support and encouragement.
