

Dear Friends,

As we commemorate our 30th anniversary, we express our gratitude to each supporter who contributed to this major milestone. Over the past three decades, City Year Columbus has leveraged the dedication of young people to commit a year of service aimed at making a positive impact on our community.

The 2023-2024 school year marked a significant period of impact for City Year Columbus. Witnessing the evolution of our partnership and service with Columbus City Schools was truly inspiring.

Contained within this report are stories of impact. These narratives serve as evidence of the influence AmeriCorps members have had on the students and schools they served. Through tutoring sessions, fostering a positive school environment, and guiding students towards success, our members have made a tangible difference.

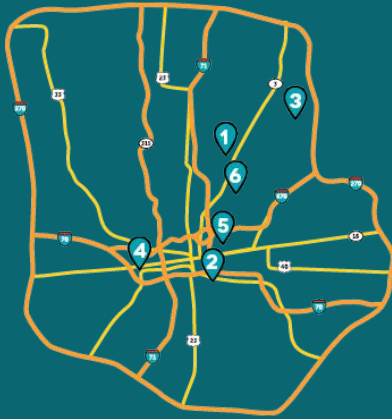

With each AmeriCorps member recruited, every hour of service, every school partnership established, and every dollar raised, more students are provided with the support they need to navigate their educational journey.

This impact report serves as a snapshot of our dedication, a tribute to a year filled with achievements, and a heartfelt thank you to all who contributed to making it possible. Our network of dedicated partners, supporters, staff, AmeriCorps members, and Board members ensures that City Year Columbus will continue to serve students in our community for years to come.
